

Downloading Parallels

Downloading the Parallels VM application from software.pitt.edu

Creation Date	4/6/2020	Revision Date	4/7/20
Author	Dave Zimmerman	Revision Author	Allen Fream

Overview

Students are entitled to (1) license of the Parallels Virtual Machine application. Staff do not have this option as of 4/6/2020.

Disclaimer: Parallels is only recommended to be installed on machines less than 4 years old on machines with more than 250GB of storage. Total install time is estimated at 60 minutes*.

*Based on WIRELESS-PITTNet internet connection speeds

Details

After going to software.pitt.edu, authenticating, and accepting the Terms and Conditions, click in the search bar and type "parallels".

Downloading Parallels

Downloading the Parallels VM application from software.pitt.edu

Follow the prompts for installing Parallels and enter the product key. Once complete there will be an option to install Windows 10 during the initial startup of Parallels.

Click on Parallels icon in the menu bar and select New > Get Windows 10 from Microsoft > Download Windows 10

É	Parallels Desktop	File	Edit	View	Window
		New			
		Open			

From Installation Assistant you can select **Get Windows 10 from Microsoft.** The install file will download and once complete you will need to enter a license key for Windows 10. This can be obtained from <u>Azure Dev Tools for Teaching</u>.
